

TRAVEL PROFESSIONALS · FOR GROUPS

YOUR GROUP PROGRAMME, COORDINATED FROM THE GROUND UP.

For groups, our work starts well before arrival. We check whether the programme is realistic, how the different services connect and what each venue or destination requires. Then we coordinate the operation on the ground, acting as one local point of contact for travel companies, corporate clients, schools, cruise partners and event planners.

BEFORE THE GROUP ARRIVES

We review routes, timings, coach access, venue rules, port schedules, transfer windows and the actual sequence of the day. This is the part that often makes the difference between a programme that looks good on paper and one that really works once the group is in Italy.

ON THE GROUND

Coaches and vans, licensed guides, tour leaders, headsets, entrances, restaurants, venues and timings can all be managed as one operation. During the programme, our local team stays available for the services we have arranged and can react quickly if something changes.

TICKETING AND GROUP ACCESS

We manage more than 15,000 tickets across priority / skip-the-line ticketing and group access for St. Mark's Basilica, St. Peter's Basilica, the Vatican Museums and the Colosseum. Timed entrances, group rules and accredited channels are therefore a very practical part of our day-to-day work, not an add-on.

BEYOND THE CLASSIC PROGRAMME

We also keep researching new places, special access and local experiences that can help buyers refresh an established Italy programme, especially for repeat clients, incentive groups, schools and special-interest travel.

FOUR MAIN GROUP AREAS

We have grouped the offer into four main areas — MICE & Incentives, Educational Tours, Shore Excursions and Events — because each one has different needs in terms of timing, transport, access and support. The operational structure behind them, however, stays the same.
